Sheriff  
McGarvey

Boys and Girls, we want you to know that Sheriff McGarvey is keeping a close watch out for the "James Gang Relatives." It seems that they come around every year. You see, the State of Missouri is the area where they once lived and rode. We keep hoping, someday, that maybe they will get off their horses and come to "Cowboy Church."

We never know what they are going to do but, Sheriff McGarvey has always always been able to engage them in interesting conversation. We never know what they are going to do but, so far there is always a lot of excitement

when they come and a whole lot more when they leave. You won't want to miss their visit! Neither, will you want to miss "Jungle Jim's Zooland." You'll hear how these animals prove that Man did not evolve from animals or lower life forms. This will be very exciting.

One afternoon, Professor "Hill Billy" will do some interesting experiments that he developed in his laboratory. Please remember that each evening we will have "Cowboy Church." SEE YOU THERE!
