

NAME: _____

LESSON FOUR- Truth

Circle the healthy things that you need to help your body to grow?

Reading the Bible is important to your *spiritual* growth in the Lord. The Bible is the most amazing book ever written. Its pages contain words of life.

READ JOHN 17:17

God's word is _____.

People can believe things that are wrong. If you watch Animal Planet, you may have heard the guy on T.V. say, "Millions of years ago the dinosaurs roamed the earth." The Bible tells us all animals, even dinosaurs, were created only thousands of years ago on Day Six of creation week. "Millions of years" and "thousands of years" are not the same.

Put a check mark by the one you should believe when a person disagrees with the Bible: the person? _____ the Bible? _____

When I was in sixth grade, my science book told me that Pluto was a planet. Today, Pluto is not called a planet. The science books had to be changed. History books have also changed over the years. Yet, God's Word hasn't had to change, because it has always been true.

There are many words which apply to God's Word, the Bible. See if you can find these words in the word search below:

The Bible was NOT created by men. These verses say, "All Scripture is given by _____ of God." The phrase "inspiration of God" means "God breathed."

Here's something to try: Try to talk while holding your breath.

Couldn't do it, could ya? God wants us to know that He gave the words to men that He wanted them to write. The words of the Bible are God's words. They are His truth.
